Health Challenges in the coming century

322. SHRI RAM NATH KOVIND: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that despite appreciable advances in the control of diseases, there is an urgent need to look back at the major health problem and make critical epidemiological analysis of the same as it will point towards the likely health challenges in the coming century;

(b) if so, whether Government propose to work out any Plan in this direction; and

(c) if so, the details in this regard?

THE MINISTER OF HEALTH AND FAMILY WELFARE AND MINISTER OF WATER RESOURCES (SHRI A.R. ANTULAY): (a) Emphasis has been placed on strengthening the capacity for epidemiological surveillance with a view to localising the outbreaks of disease and preventing their spread.

(b) and (c) Yes, Sir. A broad action plan for strengthening disease surveillance has been prepared which envisages collection and flow of information, strengthening of laboratory diagnostic services, networking of centres, and continuous monitoring of disease prevalence.

Heart diseases in Delhi

323. SHRI GOVINDARO ADIK: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government's attention has been drawn to the news-report appearing in the 'Hindustan Times' of 9th September, 1995 under the caption "9.7 percent Delhi men have heart diseases" which is four times higher than that in the United States; and

(b) if so, the reasons for the same and the remedial steps taken to reduce this disease?
